

## **RESOLUTION TO TAX AMMUNITION SALES**

**Whereas** our Party Platform supports common-sense laws regarding public safety and recognizes the importance of safety and rights of individuals; and

**Whereas** injury and harm from gun assaults are traumatic and costly to those injured; and

**Whereas** taxes on ammunition sales in Seattle have substantially decreased sales of ammunition;

**Therefore, Be It Resolved** that the King County Democratic Party supports legislation to tax ammunition sales that will fund medical and mental health coverage for injured individuals.
